## COXEY'S SCHEME.

He Wants Idle Men All Put to Work.

## PUBLIC IMPROVEMENTS.

Wants Non-Interest Bearing Bonds Issued and Money Based Upon Them for Public Works.

St. Louis, Mo., Dec. 28.—Among the famous populist leaders who are in the city in attendance upon the conference of that party is General Coxe, who became known to fame by leading a band of unemployed men to the national capital last summer to ask congress for such legislation as would give them employment on public works.

In an interview last night Mr. Coxe explained at some length his none-interest-bearing bond scheme. His proposition for the solving of the financial and labor problems is for all municipalities, towns, counties and townships to issue non-interest-bearing bonds to the amount of half their assessed property valuation, these bonds to run for twenty-five years, and to deposit these bonds as security for the payment of the money with the secretary of the treasury at Washington, making it mandatory upon the secretary to issue the face value of the bonds in full legal tender money.

"These bonds," he said, "would be deposited with the secretary of the treasury at Washington as security that this money would be paid back in twenty-five years in annual installments, or at the rate of 4 per cent per annum, all payments to be applied on the principal, without interest. Then the secretary of the treasury would issue the face value of these bonds in legal tender money, amounting, for instance, to \$100,000, holding out \$1,000 as the actual cost of making the money. Therefore, \$99,000 would be sent to the city and placed in the hands of the city treasurer, to be paid out for building electric light plants, water works, school houses and paying the streets, and all kinds of public improvements. This would furnish employment to the army of idle working men. When this work is begun there is \$2 worth of assessed property back of every dollar received. When the work is completed and the \$99,000 has been paid out, just \$99,000 of additional value has been created in public works. This makes \$299,000 worth of property back of the \$100,000 of money the government has loaned the city, or \$3 worth of property back of every \$1 received. The people are taxed to raise the 4 per cent per annum to be paid on the principal, and at the end of twenty-five years all the bonds are cancelled and the people have not paid a cent of interest as tribute to any corporation for the use of the money. I think my scheme is much superior to Secretary Carlisle's currency plan.

This plan of mine is elastic," continued "General" Coxe. "It can be applied to the purchase of railroads, telegraphs and telephones by the government.

Should Quit Kicking.

The Globe-Democrat gives the chronic kickers a stab when it says

that Spanish bull fighting is nearly all adroit dodging, but American football and ring boxing are desperate slugging and tests of brute muscle. In view of the number of young men who have been killed this year in athletic sports, it is time to stop the cant about dead bulls and disemboweled horses.

## SENSATIONAL ARSON CASE.

A Decoy Who Assisted in the Capture of Suspects to Be Tried Himself.

MERIDIAN, Miss., Dec. 28.—Another feature in the great arson case for which Robert Belk and Dudley Scott were arrested by Detective Horne, aided by William Schamber, who acted as decoy in the capture last May, cropped out Christmas night.

Belk and Scott were duly tried last July for the burnings and acquitted, and indictments found against Schamber for arson in two cases, who will be tried next month with Belk and Scott as main state witnesses.

Schamber, Christmas night, engaged a hack to go out and kill Robert Belk, who had been driving over the town late in the afternoon, and when the West End was reached Schamber asked the driver where he had left Belk. The driver answered that he did not know. Schamber believing that the driver was misleading him drew his pistol and fired a 44-caliber ball through the driver's neck and right arm and left town. The driver was brought to town, but was unable to talk, as the ball had lacerated his tongue. No arrests have yet been made.

Groom, 32; Bride, 50.

John H. Charleton, aged 82, and Mrs. Catherine Humphreys, aged 50 years, were married at Mexico, Mo., yesterday, by Rev. Mr. Walton. Both parties are of Audrain county. Mr. Charleton is said to be the oldest man ever married in that county. He is a wealthy farmer.

Fatal Heart Trouble.

Thomas Fleming, of Nevada, manager of the Missouri, Kansas and Texas Coal company, died at San Antonio, Tex., Wednesday evening of heart trouble. His remains will be brought to Nevada for burial Sunday.

Theft of a Horse and Buggy.

Smith Rissler, of Beaman, had a gray horse and top buggy stolen last night. The buggy was found in the old Antes mill in this city today by Officer Glover, but the horse is still missing. Suspicion rests upon a darkey.

In Session at Smithton.

The fifth Sunday convention of Harmony Baptist association met at Smithton today for a session of three days. The advancement of Sabbath school work is the object in view.

Ingalls' Lecture.

Twenty reserved seats have been taken by parties in Tipton for ex-Senator Ingalls' lecture, January 8, in the Chautauqua course. He will be greeted with an overflowing house.

Gone to Kansas.

Chas. Brunner and wife, formerly Miss Ruth Barnett, who were married by Rev. Jump Wednesday night, have gone to Lynn, Kas., to reside.

Killie Hieronymus and wife, of Pettis county, visited relatives and friends in the grove last Sabbath.—Pilot Grove Herald.

## CLINTON GIRL SUICIDES.

Penniless and Out of Work Drove Her to the Act.

Maude Williams, alias Allen, aged 15 years, daughter of Mrs. J. Mayfield, of Clinton, ended her life in Kansas City Wednesday night by taking five grains of morphine. The girl committed the act because a medical student at the University Medical college had deserted her, and because she was out of work and homeless.

Wednesday afternoon Mrs. Allen, with whom the girl has been living, told her that she would have to seek rooms and board elsewhere, as she was not able to longer maintain her in addition to her own family of four children. The girl left the house in search of work, but returned shortly after, crying. She said she could find work only

## SUIT FOR \$10,000.

The Result of Selling Liquor at Sturgeon, Missouri.

Suit was filed in the Sturgeon court of common pleas at Sturgeon, Mo., yesterday by Thomas S. Davis against W. T. Old and William Eubank, mayor and marshal of Sturgeon, for \$10,000 damages for false imprisonment.

Davis up to last September ran a drugstore there, and the city marshal swore out a large number of warrants against him for selling intoxicating liquors without physicians' prescriptions. The trials resulted in Davis being fined in eight cases before the mayor, the fines and costs aggregating over \$1,000. Davis gave bond for appeal in all the cases, but the mayor refused to properly certify the cases to the circuit court, and on October 16th Davis was arrested and lodged in the calaboose, where it would have taken him five years to serve out his fines and costs, but his attorneys took the case before Judge John A. Hockaday, of the Ninth judicial circuit, on a writ of Habeas corpus,

at a low variety theater. She said she would starve rather than work in such a place.

At 10 o'clock that night she left the house, but returned a half hour later and went to bed. Shortly afterward Mrs. Allen went to her room and found her in a comatose state. A package marked "Morphine, Centropolis Pharmacy," was found on a wash stand. Police Surgeon Iuen was called and administered heroic remedies, but the girl had passed beyond help.

An Osage County Murderer.

Emil David, who was convicted by the Osage county circuit court for murder in the first degree, and sentenced to be hanged January 8 next, was today brought to this city, says the Jefferson City Courier, and locked up in the Cole county jail. The Osage county circuit court ordered this removal, as the Osage county jail was not in a fit condition for the safekeeping of the prisoner.

The prisoner has appealed his case to the supreme court, and it is probable he may remain here some time.

This is the first person ever sentenced to be hung in Osage county, and if he wins his appeal, the county may still be spared this disgrace.

## GOING ON THE "E."

Two Sedalians Are Appointed as Postal Clerks.

Robert Tittsworth and John Armstrong, postal clerks on the M., K. & T. between Sedalia and Hannibal, this morning received appointments as postal clerks on the M., K. & E., on which line the service will go into operation next Tuesday, January 1st.

There will be only four clerks on the run, and the remaining two will be Messrs Rapp and Simms, who now run out of St. Louis.

Mail will be carried only on the day trains, Nos. 1 and 2, and the clerks will have every other day off.

The run is the best out of Sedalia, and the DEMOCRAT congratulates Messrs. Armstrong and Tittsworth on their selection.

## A SEDALIAN HONORED.

Fred Ludeman Is Secretary of the Modern Woodmen of America.

The Modern Woodmen of America had their first annual meeting in Missouri in the hall of the house of representatives at Jefferson City yesterday afternoon.

About 110 delegates were present, representing a membership of some 3,000 in the state. The first lodge was organized in Missouri less than two years ago.

The governor delivered a very appropriate address of welcome, which was responded to by S. D. Chamberlain of the capital. Temporary organization was effected by the election of A. W. Florea, of Nodaway, chairman, and Fred Ludeman, of Sedalia, secretary.

After appointing a committee on credentials the meeting adjourned until this morning. The members are all fine-looking men and many of them are accompanied by their wives and daughters.

Still Another Sensation.

In place of a scandal the Opel family has developed a mystery, says the St. Louis Post-Dispatch. The mystery consists of two visits to the Opel residence by an unknown man in the dead of night, on one of which occasions he secured an entrance to the house and even reached the second floor before being discovered. The second instance happened the very next night, but the unknown was frightened away before getting inside the house. It is believed some one had designs on Mr. Opel's life.

Charged With Murder.

Sheriff Orr, of Benton county, arrived in West Plains Monday, says the Clinton Democrat, and arrested A. J. Testament, who is wanted in Benton county for a murder committed a year ago. Testament was once arrested for the crime, but the grand jury did not indict him, and he was released. Afterwards new evidence was found and he was indicted. He was recently located. The sheriff left with his prisoner at once for Benton county.

Has He Gone to Join "Jimmie"?

Dr. Jos. Field, ex-cashier of the defunct Citizens' Stock bank, of Slater, left Friday morning for Kansas City and has not been seen since. An official statement of the bank has not yet been made, but the liabilities will exceed \$600,000. She worthless paper figured in the assets will make the outcome appalling. This bank as well as the Slater Savings bank, which failed at the same time, is in a deplorable condition.

Prof. Smith's Lecture.

Despite the inclement weather, a large and cultured audience heard Prof. A. J. Smith's lecture at the First Baptist church last night on "Dickens and Tennyson, or the Spirit of Modern Prose and Poetry." A treat had been anticipated, and it was realized to the fullest extent, the lecture being one of the ablest and most interesting ever delivered in Sedalia.

Escaped at Jefferson City.

Jack Edwards and Sam Smith, two St. Louis men serving sentences for grand larceny in the penitentiary, escaped from the prison yard last evening and are yet at large.

Change in Carriers.

Hugh Anderson will retire January 1st as one of Uncle Sam's mail carriers and will be succeeded by Joe K. Tuttle, son of Hon. W. F. Tuttle.

## MAYOR RETALIATES.

Sues a "Municipal Reform" Preacher for Damages.

SAGINAW, Mich., Dec. 28.—A capias was issued yesterday on complaint of Mayor Merston for the arrest of Rev. William Knight, pastor of the First Congregational church, who has been the most vigorous in bringing accusations of dishonesty and incompetency against the city officials. Damages of \$5,000 are asked for.

Struck Gas at Independence.

While boring for water in the southwest portion of Independence, yesterday, Mr. G. A. Truman found a strong flow of natural gas at a depth of 142 feet. A match was applied to the opening, which resulted in a flame shooting upward several feet. The well will be bored to a greater depth in expectation of finding a plentiful supply.

Nine Cases in Court.

Eight trespassers were fined in the police court this morning and given until noon to leave the city. One case of drunk, a farm laborer, who was picked up by Officer Mason when almost frozen, last night, was fined \$1.

Taking Up Missouri Bonds.

State Treasurer Lon V. Stephens yesterday forwarded a check for \$400,000 to the American Exchange National bank to take up that amount of Missouri 6 per cent. funding bonds, subject to call January 1.

He Fainted But Isn't Dead.

The reported death of John Sprague, the imbecile son of the Widow Sprague, yesterday, was erroneous. He had a fainting spell, but was resuscitated, after it was supposed he was dead.

The wood and coal dealers are having their inning at last.

SHALL Filley rule the roost? This is the question that is disturbing many republican this time of year.

A RUN has been made on the gun stores in Springfield and ten extra police have been put on to protect the citizens from footpads.

THE rottenness in the Slater banks emphasizes the need of rigid bank inspection. The matter will be pressed upon the attention of the general assembly.

REV. SAM SMALL made the charge that the state superintendent of instruction of Virginia has been bribed to award a contract to the American Book company.

McKINLEY and Coxey live in the same congressional district and there is a strong resemblance in the theories they advance—both tend to socialism and government management of private affairs.

It is curious how much better the English newspapers understand the race problem at the south than do the earnest, intelligent, sincere men who are on the ground and thoroughly familiar with all of the facts.

SEDALIA business men almost invariably report satisfactory trade during the past two weeks. It is gratifying to observe, too, that trade was heaviest at the establishments that are most persistently advertised in the newspapers.

THE business of the Chicago postoffice for the past week footed up more than \$1,000,000. Few people have any idea of the immense proportions reached by the United States mails about Christmas time. And yet we complain of hard times!

A DISPATCH from Slater states that Cashier Field, of the busted bank, is missing and supposed to be in Canada or Mexico. The experience of one of Sedalia's former citizens who is now supposed to be residing in Mexico, indicates that a defaulting cashier is safe in that country.

Ir the tariff controversy with Spain results, as is intimated it will, in Cuba being given the right to make her own tariff regulations, there will probably soon be free trade between that island and this country. Such free exchange of products would be for the best interests of both countries.

A "GREEN GOODS" operator in New York testified that an indictment against him was dismissed upon his payment of \$1,000 to Anthony Comstock, agent of the society for the prevention of vice, the latter explaining that money was not "a bribe" but merely a subscription to the society.

THE St. Louis newspapers are after the "bread combine" and calling attention to the fact that bread sells for the same price when flour is \$2.00 per barrel that it did when the price was \$4.00. In other places the price of bread has been reduced one-half, but St. Louis seems to need a few up-to-date bakers.

THE Nicaragua canal project should be defeated, says the Springfield Democrat. If this government has millions of dollars to expend in experimental enterprises let it be placed at once where the money paid out would go to the employment and relief of citizens of the United States. It is past comprehension that those who never tire of branding with "populism" or "paternalism" all suggestions of public improvements in our own

country as a means of affording occupation to the idler are the most clamorous advocates of this Central American job. Coxey's good road's proposition discounts the Nicaragua canal scheme two to one.

THERE is no way to meet the wholesale charges of fraud and corruption so frequently made against honest officials except by a rigid and vigorous enforcement of the law against libel. A man's reputation should be protected from unjust assault, and a rigorous prosecution of slanderers would have a good effect.

A WICKED newspaper says that one of the men recently elected to represent Jackson county in the legislature recently approached a railroad official and asked for a pass to Washington City that he might be present at the meeting of the body of which he is to be a member. He is simply one of the millions who never heard of Jefferson City.

THERE is a spasm of "investigation" sweeping over the country and a great many able and industrious slanderers are having opportunity to smirch officers who have incurred their ill-will. An officer who fearlessly does his duty makes enemies of many of those whom he brings to punishment, and even good citizens frequently take up and spread the slanders they utter.

"NOBODY, in fine," says the Star-Sayings, "expects anything from a Bourbon Lexow inquiry in St. Louis." Oh, no; of course not! If you want real reform and good government just turn over the work of reform to "De Ole Man" Filley, Eph Houston and statesmen of that ilk, and let your juries be selected by a republican sheriff who has just been indicted for violating the election laws! That's reform, genuine and real!

The popularity of Chamberlain's Cough Remedy and the high esteem in which it is held leads us to believe it to be an article of great worth and merit. We have the pleasure of giving the experience of three prominent citizens of Redondo Beach, Cal., in the use of the remedy. Mr. A. V. Trudell says: "I have always received prompt relief when I used Chamberlain's Cough Remedy." Mr. James Orchard says: "I am satisfied that Chamberlain's Cough Remedy cured my cold." Mr. J. M. Hatcher says: "For three years I have used Chamberlain's Cough Remedy in my family, and its results have always been satisfactory." For sale by all druggists.

"The Queen of Comedies."  
The famous comedy, "Jane," with the remarkable record of 400 nights in London and 400 nights at Madison Square theater, New York, comes for a New Year's matinee and night engagement. "Jane," while written on the lines of an English light comedy, has a decided farcical element in its construction, and it is many a day since we have had a play that has excited so much mirth as has the many ridiculous situations in "Jane." The title roll will be sustained by Miss Mamie Johnstone.

## THE SMALLEST BABY.

An Infant That Weighs Only Three Pounds.

The smallest human being in the world thrives at the City hospital in a cotton encasement, just as other babies do who are gifted with the average of 8 pounds of avoirdupois instead of the 3 pounds of the little visitor who came as a Christmas present to his mother early Tuesday morning, says today's Globe Democrat.

Mrs. Lottie Turner is the mother of the wee one. It is her second child, the first one being even smaller, but dying a few hours after birth. Dr. Marks says that the baby is the smallest he ever saw, and probably the smallest of which there is any record. Though stunted in a remarkable degree, all of the organs and parts of the body seemed perfectly formed. It is remarkable, says Dr. Marks, that the wee bit of flesh should be alive at all, and further surprising that the child has survived several days, with the prospects of more years before him than he has tiny fingers and toes.

Although Ernest, as he had already been named by his nurse, is too small to hide under a thimble he could be placed with ease in a quart cup. Stretched out to his full length the baby measures about 12 inches. The head is about as big around as a silver dollar, the body approaching the size of a broom stick, while the legs and arms in comparison are mere straws. Two little eyes that seem little specks gleam out from the eyelids, which the baby is able to open, and the nose upon the face is scarcely perceptible. He grows hungry just like his stronger and heavier brethren in the world, and cries for his food as lustily as his fellows surrounding him in the place where the babies are kept at the hospital. Mrs. Harnish, the nurse, who attends to the child, takes particular interest in the case, and the little one receives close attention. She takes particular pride in the fact that the baby is still alive, and thinks that its vital spark may be preserved, and the frail body develop to the average size.

Mrs. Turner is in great hopes that Dr. Marks will be able to keep her child alive until it grows to strength and maturity. Her other child died, and she wants to see a son grow up by her side. She is 32 years old, and her husband is a laborer.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children, said: "When my children have croup there is only one patent medicine that I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by all druggists.

## Foxy—Roxxy.

Foxy—Some of those would-be competitors may deceive some of the people for some time.

Roxxy—But not all the people all the time.

We are not deceiving you as to grade of stock we are handling. We are honest in saying we slaughter nothing but first choice. We select our own live stock and do our own slaughtering, and by so doing we know we are selling better meats than have ever been offered to the public. We utilize the undesirable cuts for our sausage trade, which gives us nothing but the choicest cuts to offer to the trade. With the best meats and prompt attention, we solicit your trade. Respectfully,

## Antelope, Venison and Prime Meats.

In connection with our prime beef we will have some fine antelope and venison. We have the only antelope in the city. This wild game came fresh from the wild plains of Texas and is fine and fat. Our Christmas meats are of the choicest quality. Don't fail to get one of Newton's prime roasts of beef; you will find them strictly prime and tender, something a little bit different than you are used to if you have not been dealing with us.

Our farm sausage, which we have built up such a trade in, is as good as ever—all pork with plenty of country grown sage and red pepper in it—like your mother used to make down on the farm.

Don't fail to call and view our magnificent display of meats which we will hang up Monday; also leave your order for one of the Newton beef roasts or a piece of antelope or venison. Remember, this wild meat came direct from the wild plains of Texas. It is no tame stuff. Telephone 120.

## A MILLINER'S PLIGHT.

She Went Out With a Stranger to See the Sights.

Agnes Grabe, 17 years old, is lying on a cot at the St. Louis city hospital in a weak and exhausted condition. She is under the impression that in some way unknown to her she had been drugged Wednesday night.

To a Star-Sayings reporter she stated Thursday that she and her sister are in the millinery business at Staunton, Ill. She came to St. Louis on Wednesday morning to attend to some business, and was to return to her home on the 4:30 p. m. Wabash train.

She went to the union station, where she missed the train. While at the station, so she says, she met a Mr. Felner, an old friend of hers, and he, learning that she had missed the train, invited her to take supper with him.

She consented, and they went to Faust's, where they dined, after which they returned to the station shortly before 8 o'clock to await the outgoing 9:05 Wabash train. She had hardly entered the station and become seated before she became sick and unconscious, and she remembers nothing more until she awoke at the hospital.

That became of Mr. Felner, she was unable to say. Thursday Mr. Marks says that Miss Grabe was out of danger, and would be able to go home. He was not as yet prepared to say as to whether or not she had been drugged.

Western Grand Trotting Circuit.

The "Western Grand" trotting circuit for 1895 has been arranged as follows: June, first week, Denver, Colo.; June, second week, St. Joseph, Mo.; June, third week, Omaha, Neb., or Council Bluffs, Iowa; June, fourth week, Red Oak, Iowa; July, first week, Des Moines, Iowa, and Minneapolis, Minn.; July, second week, La Crosse, Wis.; July, third week, Milwaukee, Wis.

The purses will be of from \$800 to \$1,000, with three races each day. This will be an especially strong circuit in the west, as it fills every week from June 1 to the opening of the grand circuit at Detroit the last week in July.

A Grocery Store Closed.

The west side grocery stock of Brenner & Hartgrove, at Clinton, was taken possession of yesterday by Mrs. Esther Moses, says the Democrat, under a chattel mortgage of \$1,000. Mrs. Moses is Mr. Brenner's mother-in-law, and it is said advanced the money with which the firm commenced operations three months ago. Later the wholesale grocery firm of W. F. Crome & Co. filed an attachment on the stock on an account aggregating \$870, while other smaller debts owned by the firm will bring the liabilities to something over \$2,000. The stock will invoice about \$1,200.

Christmas Tree Panic.

At La Plata, Mo., while Christmas exercises were being held in the Christian church and the building was crowded to the utmost, a portion of the floor gave way, and settled a couple of feet, tumbling over the stove and creating a panic. Women shrieked and rushed for the doors. Several were badly bruised and injured, though none fatally. The exercises were brought to a sudden close, and but for a few cool-headed persons, a terrible panic would have caused much loss of life.

The American Railway Times, the official organ of the American Railway Union, will be printed at Terre Haute, Ind., beginning with January.

President Debs said yesterday that during the term of sentence the main offices of the A. R. U. will remain at Chicago and only routine business will be transacted at the office in Terre Haute. Debs said his western trip would be postponed if a new trial was refused. He leaves Tuesday to fill some appointments in the north and northwest.

In speaking of the plans of the directors he said all of them would go to the Cook county jail with the exception of Howard, who will serve his sentence at his home at Lawrenceville, Ill. Regarding the cause of Howard's resignation as vice president, Debs said Howard had not gotten along with the directors in a pleasant manner. There had been some friction for a long time. Howard will retire and live on a farm near Lawrenceville.

"One Year in the Sedalia Christian Church."

The members and pastor have arranged to hold a special service next Sunday morning in the church, consisting of brief addresses from the representatives of the eight different departments in the church work. W. W. Herold will present the work of the Officers; Mrs. F. J. McClure, the Ladies' Aid society; Mrs. A. E. Gardner, for the East Side Ladies' Aid society; Miss Chappellier, for the Sunday school; Mrs. L. M. Shields, for the Christian Endeavor; Miss Martha Hopkins, for the Educational Aid society; J. N. Dalby, "Concerning the Collection;" the pastor, for the work as a whole. Every member of the church is urged to be present and hear what has been done in '94 and what is to be done in '95. A printed programme will be distributed at the beginning of the service. The pastor and officers make a personal request that every member who can possibly get to the church be present at this review and review.

Look Out for Him.

An exchange relates how an old swindle is being worked in North Missouri, by an enterprising fakir. Equipped with two watches, one having a faint, the other a loud tick, and many bottles of liniment, he goes to work curing deaf people. This particular individual worked from a carriage. By offering to cure one or more free he gets his victim up in the buggy, applies the watch having the weak tick to his ear, returns the watch to his pocket, applies some of his "lightning liniment," does considerable talking and rubbing, and winds up by applying the other watch—the loud one—to the ear. After this cure he makes probably a dozen sales, and then excites further interest by making another cure.

The Teachers' Association.

The tenth annual session of the Missouri Teachers' association will adjourn tonight, after an interesting and profitable session of three days. The following officers have been elected for the ensuing year: President, J. E. Herford, Chillicothe; first vice president, Miss M. A. Shropshire, Palmyra; second vice president, Prof. J. H. Jenkins, Sedalia; third vice president, Miss Ella B. Gates, Joplin; recording secretary, W. H. Dixon, Richmond; assistant recording secretary, Miss Georgia De Baptiste, Macon; corresponding secretary, Prof. J. W. Damel, Kansas City; treasurer, M. T. Green, Joplin.

A Former Sedalian Weds.

At 6 o'clock last evening, in the Congregational church at Leavenworth, Kas., Edwin B. Parker, of Houston, Tex., and Miss Kate Blunt, of Leavenworth, were married in the presence of a large concourse of friends. Miss Blunt is a daughter of the late Col. Blunt, U. S. A., while Mr. Parker is one of the leading business men of the Lone Star state. The wedding was one of the social events of the season, and was attended by army and society people from all parts of the west.
